The Christina Noble Children's Foundation in Vietnam is providing some really wonderful kids with excellent medical, educational and life experiences in a wonderful facility in Ho Chi Minh City. The Asia Offshore Association's Halloween Pool Party Cocktail where the kids practiced their English through the always fun activity of Trick or Treat was an event that all delegates will always remember. Tao and Phoung, our two AOA Ambassadors, proved through their intelligence, charm and overall engaging personalities that the CNCF is not only doing nice things for kids, but providing them with excellent skills. Go get 'em, CNCF!!!
