AT&T and the Christina Noble Children's Foundation

AT&T has been a proud supporter of CNCF for over four years. We chose to work with CNCF for two principle reasons; first because we were planning to set up a new business in Vietnam and we felt this would be a good opportunity to demonstrate our commitment to the local community; and second because we felt confident that our contribution would make a tangible difference to the lives of less fortunate children in Vietnam. Throughout our relationship we have been impressed with the care and professionalism of the CNCF team and the amazing work they do in Vietnam and around the region. From AT&T's perspective, our support for CNCF has helped to achieve our objectives by generating dozens of positive media clippings, and we have built a good relationship with the local press as well as the wider business community.
